

Snuggles & Cuddles

Patch Program Requirements

It has been found that kittens & cats, puppies and dogs, in shelters are happier, less stressed, more relaxed, and feel more secure and less fearful, when they have a nice clean blanket in their cages with them.

With the thousands of animals in our Council in shelters at any given time, and considering the blankets must be removed for washing every day and replaced with a fresh one, the need is awesome!

How to Participate:

Just mentioning the project and the need for blankets, bedspreads and comforters to friends and family will usually result in plenty of supplies. Ask for donations of thread too.

1. **Snuggles** (for cats & kittens), **and Cuddles**, for puppies and dogs, should be 36" x 36" or 36" x 20".
Cut blankets or thin quilted bedspreads to 38" x 38".
Turn the edge under twice, to put frayed edge inside, then stitch.
Plush comforters are cut to 38" x 20".
Fiberfill is trimmed back about one inch, and then edge is folded under and stitched.
Throw away any damaged or stained pieces of fabric
2. Small 20" x 20" pieces of can be used for kittens.

Things to keep in mind:

- **Snuggles and Cuddles** get washed every day, so they need to be sewn well, so they don't unravel.
- Crooked seams, crooked edges shouldn't be of concern. The pets don't mind! They're happy just to have clean, dry, comfy **Snuggle or Cuddle!**
- These are not pillows, please don't fill with fiberfill or batting, because they won't wash and dry well.

Call any animal shelter/agency in the Southeast Florida Council to inform them of your donation. Some agencies may not allow the girls visit, but would welcome the **Snuggles and Cuddles**.
