

Money Manager

Badge Overview

Money helps us buy things we need, like food and clothes. And money helps us buy things we want, like video games and movie tickets! Learn the difference between wants and needs in this badge. Use the workbook as you shop through the 5 steps below!

Badge Components

1. Shop for elf items with your elf doll

Print and cut out the elf shopping items in the workbook to set up a store for Brownie elf to shop in! She only has \$30, so help make sure she gets everything she needs!

2. Go grocery shopping

It's time to go grocery shopping right in your own home!

- Use the price list in the workbook to find out how much the food in your kitchen costs, then make sure you spend your \$25 wisely!

3. Go clothes shopping

Next you'll go shopping in your own closet!

- With \$35 and the price chart in the workbook, you'll need to show your style as you build 3 different outfits!

4. Get ready for school

You have to go get some school supplies, but first you have to figure out which items on your shopping list in the workbook are the right ones to bring to your class!

- Then figure out how much money you need to pay for them all!

5. Have some fun

After getting all the things you need, it is time to have some fun!

- Fun still costs money, so once you decide where you're going and who you're bringing, you'll need to complete the budget in the workbook to plan how much you'll need to save!
