

## Painting

### Badge Overview

Learn to paint and color your world. When you've learned this badge, you'll have new ideas about what to paint—and how to paint it.

### Badge Components

#### 1. Get inspired

Art is everywhere! Using this Google Arts and Culture [website](#) with different museums, look through some different online galleries and see what type of art you like.

- What stands out to you?

#### 2. Paint the real world

Use nature or things around you to inspire you! Paint a scene based on your life around you.

#### 3. Paint a mood

Think of some different moods that you may experience. Do you feel like there are certain colors that match these moods?

- Pick one mood out and paint it however you want! Make sure to choose colors or subjects that you think match the mood.

#### 4. Paint without brushes

It's time to get funky! Think of other tools that you can use to paint with. These can be things found in nature, objects in your craft supplies closet, or even your fingers!

#### 5. Paint a mural

Murals are large photos that artists can put on walls or the sides of a building.

- It's time to make your own mural using pieces of paper! Tape a few pieces of paper together and then paint your own mural.
- BONUS!** Use your mural to tell a story!
