

Website Designer

Badge Overview

Build yourself a safe space online where you can show your readers what moves you. When you've earned this badge, you'll know how to design, build, and promote your own website.

Badge Components

1. Find a worthwhile subject for your website or blog

At its heart, blogging or creating a webpage is about sharing your knowledge with the world. Choosing a topic that you are passionate about makes the process of starting a successful blog or webpage so much easier.

2. Be the host with the most

- What do you want to share with your viewers?
- Why will people want to see your blog or webpage?
- Can you summarize or fact check research for them so you can save them time, can you offer advice/ recommendation/instruction videos/resources that will help them or be of interest?

3. Build a blueprint

Design what you want your webpage or blog to look like and what you want it to include.

- Decide on the content over the next couple of weeks, are you going to have schedule of blog updates or added content?
- Are you having a theme each week? Plan this out and record your plan.

4. Create must-see content

Start writing your blog or capturing the content you want to share.

- Proof-read what you have created or have someone else in your house review it.

5. Go live—then drive!

You can choose how you want to 'go live', discuss your plans with a parent or guardian

- You can create a blog for free on [blogger.com](https://www.blogger.com), or use your Instagram, Facebook or Twitter account.
- Make sure you are working within the [Girl Scout Internet Safety Pledge](#) and check the settings so you build yourself a safe space online.
