

At Girl Scouts of Southeast Florida, there is nothing we take more seriously than the safety and wellbeing of our girls, volunteers, and Council staff. We have been closely monitoring the information regarding the COVID-19 virus shared by the Centers for Disease Control and Prevention (CDC), as well as GSUSA, and national public health officials to inform our decisions. New information is still being reported regularly, so we remain fluid in planning and scheduling, and thank our members for their flexibility. Please continue to monitor Council updates so we may all take the appropriate measures to ensure our Girl Scout family continues to have a safe, fun, one-of-a-kind experience. If you have any questions, please contact us at: [customercare@gssef.org](mailto:customercare@gssef.org).

- This guidance supersedes our Council’s most recent COVID-19 update on 3/22/2021.
- Volunteers are directed to follow Adult to Girl Ratio guidelines found in *Safety Activity Checkpoints*; there are no additional group gathering limitations require for the number of people meeting in one location. Access the most recent version of *Safety Activity Checkpoints* at: [www.gssef.org](http://www.gssef.org).
- Volunteers are expected to confirm and follow venue requirements to maintain compliance.
- GSSEF recommends maintaining 3-6 feet for social distancing, in groups with unvaccinated individuals.
- It is not the Council’s policy to ask about an individual member’s vaccination status. No one should ask the vaccination status of a girl, family member, volunteer, etc. However, due to the close and personal nature of many troops and groups, one’s vaccination status may be voluntarily shared and could lead to a logical modification to guidelines.
- Children aged 2 and younger are not required to wear masks.
- \*For purposes of this guidance, people are considered fully vaccinated 2 weeks after they have received the second dose in a 2-dose series (Pfizer-BioNTech or Moderna), or 2 weeks after they have received a single-dose vaccine (Johnson & Johnson/Janssen).

What are the mask requirements for this Girl Scout activity?	Unvaccinated Individuals (age 3+)	Fully Vaccinated* Individuals (12+)
<b>Carpooling</b>		
<b>Meetings</b> <i>(Troops, groups, Service Units: indoors/outdoors)</i>
