

Congratulations to the Bronze Award Girl Scouts Class of 2025!

The Bronze Award is the highest honor for a Junior Girl Scout; it recognizes a significant, long-term community impact project while fostering skills like leadership, teamwork, and problem-solving. This year, when 128 local Girl Scouts earned the Bronze Award, they explored their interests, discussed issues facing their communities, discovered new passions, and built big-time confidence by working with others to make a positive change with 38 projects. In partnership with nurturing adults from 16 of our 19 Service Units, the Award-earning process offers tools to help her build life-ready skills like confidence, compromise, and communication. There's no other place where girls get the structure and inspiration as 4th and 5th graders to harness a passion for helping others and make their mark on the world. This year's Bronze Award projects demonstrate a 27% increase over last year!
