WHAT

Girl Scouts do activities in Four Pillars.

STEM

Outdoor

Entrepreneurship

Life Skills

The four Girl Scout program pillars highlight the skills girls learn that will give them the courage, confidence, and character they need to make their community and their world a better place.

HOW

Girl Scouts experience our unique environment through three processes.

We have identified Three Keys to Leadership that differentiates our program. Girls will: **Discover** themselves and their values; **Connect** with others; and **Take Action** to make the world a better place.

WHY

Girl Scouts become people of courage, confidence, and character who make the world a better place.

Girl Scouts gives girls an opportunity to grow into her best self surrounded by meaningful friendships and supportive mentors. It's a safe, all-girl space where girls can express themselves, take healthy risks, and learn to lead and thrive.

Daisy • Grades K-1

Daisies sparkle with that “first time ever” newness in everything they do. They go on field trips, learn about nature and science, explore the arts and their communities - and so much more. Girl Scout Daisies can also earn Learning Petals and patches.

Brownie • Grades 2-3

Brownies work together, earn badges, explore their community, and have fun. Friendship, skill-building, and age-appropriate activities begin at the Girl Scout Brownie meeting and move out to the community and wider world.

Junior • Grades 4-5

Juniors are big-idea thinkers. They're explorers at camp and product designers when they earn their Innovation and Storytelling badges. They connect with their community and earn their Bronze Award. Every day, they wake up ready to play a new role.
